Attention all Patients with Medicaid,

English Road Pediatrics & Adolescent Medicine is requesting all patients enroll in either Blue Choice Option or Preferred Care Option insurance plans. We understand that the process takes approximately 4 to 6 weeks, and we will continue to see these patients during this transition.

Blue Choice Option and Preferred Care Option are **FREE** HMO plans for those who currently have Medicaid. These plans are also known as Medicaid Managed Care. In some cases when your primary care physician cannot provide the care you need, he/she will refer you to see a specialist physician. The list for specialist physicians who accept Medicaid is very short and limited. The Blue Choice Option and Preferred Care Option plans provide you access to over 2,900 quality physicians and specialists.

To enroll in Blue Choice Option, please call 1-800-338-4995, press option 4 and ask to the "Enroll with Ease" service option.

To enroll in Preferred Care Option, please call 1-800-852-7826, and follow the appropriate telephone prompts.

Please review the attached information regarding the benefits of having one of these plans.

If you have any questions, please call our billing department at 585-225-2525.
